Dear

**Subject:      Determination of Project Oversight**  
Project No.  
Federal-Aid Project No.

In accordance with the Joint Stewardship and Oversight Agreement - Federal Highway Administration (FHWA) and the Connecticut Department of Transportation (Department) effective November 23, 2010, the Department requests the FHWA's Determination of Oversight for this project.

- I.      Is the Project on a National Highway System (NHS) Route or Interstate Route?  
         ☐ Yes  
         ☐ No
- II.      Is this an Intelligent Transportation System (ITS) project with a cost greater than \$1 million?  
         ☐ Yes  
         ☐ No
- III.      Are there unusual structural or hydraulic features, moveable structures and/or tunnels?  
         ☐ Difficult or unique foundation problems  
         ☐ New or complex hydraulic designs with unique operational or design features  
         ☐ Bridges with exceptionally long spans  
         ☐ Bridge design departs from currently recognized, acceptable practices.  
         Examples: cable-stayed, suspension, arch, segmental concrete, moveable or truss.  
         ☐ None

IV. Is the Project funded by the Congestion Mitigation Air Quality (CMAQ) Program?

☐ Yes

☐ No

V. Does the Project utilize either of the following?

☐ Department of Administrative Services enters into the contract with the contractor, not the Connecticut Department of Transportation.

☐ State or Municipal forces perform construction activities using Force Account

☐ Neither of the above

VI. Are the project characteristics considered non-traditional engineering design (i.e. Planning, Rights- Of-Way, Operations and Research projects)?

☐ Yes

☐ No

VII. Project Scope of Work (check all that apply)

☐ Reconstruction

☐ 3R (resurfacing, rehabilitation, restoration)

☐ Bridge Rehabilitation

☐ Bridge Replacement

☐ Widening

☐ Other:

VIII. Project Location Information

Roadway

Municipality

Project Length
